

Restorative Discipline for Parents

Your organization can invite our speaker to your parent meeting (Home & School Association, PTA, or church group). Parents can feel overwhelmed with managing behaviors at home with the added stress of work and outside obligations, as well as social pressures.

Learn new ways to interact with children at home:

- 1. Discover that parents are not alone!**
- 2. Find support and learn about restorative discipline**
- 3. integrate habits for human excellence (Option for Positive Psychology or Christian virtues)**
- 4. Create positive changes**
- 5. Foster cooperation and kindness**

These sessions can be offered as individual sessions or as a series. Contact us to discuss your needs:
